What is Critical Race Theory?

Neil Mammen
EVP, Every Black Life Matters
www.EveryBLM.com

What are 5 things we'd have to do to destroy America?

- 1. Indoctrination of the Children**
- 2. Instability of the Economy**
- 3. Infiltration of the Churches and twisting of the Gospel**
- 4. Invalidation of the Family Structure and destruction of the Family**
- 5. Incite a Race War**

What CRT Teaches

- 1.** There is no objective Morality. There's no objective truth. Truth is a social construct. They don't say truth does not exist, but just that only certain people have access to it. Truth is based on how you experience it. And how you experience it depends on if you are part of the oppressed class or oppressor class.
- 2.** All of society is split between the oppressed and the oppressor. It's a power dynamic.

What CRT Teaches

- 3.** The oppressed by virtue of their being oppressed are automatically moral. So morality is determined by that which the oppressed say is moral.
- 4.** Your being moral or immoral is solely based on if you are member of an oppressor class or an oppressed class.

What CRT Teaches

- 5.** CRT says that Racism is everywhere. And it's because you are a white and thus a racist, that you cannot recognize it.

Critical Race Theory Quotes on Whites being Racists

- “a positive white identity is an impossible goal. **White identity is inherently racist; white people do not exist outside the system of white supremacy.** ...To be less white is to be less racially oppressive.” – Robin DiAngelo, *White Fragility*, p. 149-150

Critical Race Theory Quotes on Whites being Racists

- By contrast, many critical race theorists and social scientists hold that racism is pervasive, systemic, and deeply ingrained. **If we take this perspective, then no white member of society seems quite so innocent.**” – Richard Delgado and Jean Stefancic, *Critical Race Theory: An Introduction*, p. 91

Critical Race Theory Quotes on Whites being Racists

- “Thandeka (1999) argues that **raising White children to be White is a form of child abuse**

Critical Race Theory Quotes on Whites being Racists

- Some readers may be shocked to see a white person contritely acknowledge that she is racist. I do not say this with pride. I simply believe that no matter how hard I work at not being racist, I still am. Because part of racism is systemic, I benefit from the privilege that I am struggling to see....

Critical Race Theory Quotes on Whites being Racists

- ▶ **.... All whites are racist in this use of the term because we benefit from systemic white privilege.** – Stephanie Wildman with Adrienne Davis, “Language and Silence: Making Systems of Privilege Visible”, *Readings for Diversity and Social Justice*, p. 56

What CRT Teaches

- 5.** CRT says that Racism is everywhere. And it's because you are a white and thus a racist that you cannot recognize it.
- 6.** If you say that you are blind to color, or act like you are blind to race or color, that is you treat all people as equal this actually perpetuates the power and privileges of the dominant group.

What CRT Teaches

- 7.** If a white person helps a black person, it's only because it helps their own self-interest.
- 8.** Critical race theory claims that members of oppressed groups have special access to truth because of their “lived experience” of oppression.

Intersectionality

- **The more oppressed classes you belong to, the more moral standing you have, the more access to truth you have.**

Why is CRT Dangerous?

- CRT is opposed to the American Civil Rights movement.
- CRT says that there is no objective morality. Sin is relative to your experience.
- CRT divides people instead of uniting them.
- CRT sees color with a caveat.
- CRT takes good intentions (Racism is bad) & twists it.
- The most dangerous aspect is one we will mention last.

If you understand what's going on:

Indeed, agitators who deploy critical race theory have zero interest in ending racism. Instead, they've made essentially the same point over and over again: Racism is an unsolvable problem. If you've been tainted as "white," there's nothing you can do about it. You are eternally a racist, especially if you don't believe you are.

If you understand what's going on:

*Robin D'Angelo explains it all in her best-selling book "White Fragility." Your only option is the cultist's option: submit to your critical race theory overlords, then recruit others to do the same. If, however, you're a black person who disagrees with all of this, well, then, **"You ain't black."***

Critical Race Theory Is A Classic Communist Divide-
And-Conquer Tactic, *Stella Morabito* | March 2, 2021

Don't be confused

- 1. Racism IS evil
- 2. Christians have been racist in the past.
- 3. Ethnocentricity exists.

But the gospel speaks to all of this as sin. One doesn't solve any of this by corrupting the gospel or by creating reverse racist policies.

We should focus on protecting rights, not equalizing results.
